

THE SPIRIT OF CURLING

Curling is a game of skill and of tradition. A shot well executed is a delight to see and it is also a fine thing to observe the time-honoured traditions of curling being applied in the true spirit of the game. Curlers play to win, but never to humble their opponents. A true curler never attempts to distract opponents, nor to prevent them from playing their best, and would prefer to lose rather than to win unfairly.

Curlers never knowingly break a rule of the game, nor disrespect any of its traditions. Should they become aware that this has been done inadvertently, they will be the first to divulge the breach.

While the main object of the game of curling is to determine the relative skill of the players, the spirit of curling demands good sportsmanship, kindly feeling and honourable conduct.

This spirit should influence both the interpretation and the application of the rules of the game and also the conduct of all participants on and off the ice.

INTRODUCTION

The following Rules of the Game are those of The Royal Caledonian Curling Club (RCCC) and its members. The RCCC has adopted the trading name Scottish Curling which is used throughout this rulebook. All members of RCCC are considered equally as members of Scottish Curling.

Changes to the Rules of the Game (R Rules) must be determined by a simple majority of the members of Scottish Curling, voting at its Annual General Meeting.

The Board of Directors has responsibility for changes to the regulation of Scottish Curling Competitions (C Rules) and the regulation of Specific Competitions (S Rules) and makes any changes in consultation with the relevant committees and staff.

As Scottish Curling follows World Curling Federation (WCF) rules where appropriate, publication of each season's RCCC rule book will be as soon as possible after the WCF Congress. The Scottish Curling Board will adopt relevant new rules approved at the WCF Annual Congress for those competitions leading to international representation until approved at the RCCC AGM and these are listed in Appendix 1. Any Scottish Curling club wishing to adopt these rules may do so at its discretion.

RULES OF THE GAME

ESTABLISHED 1838

These rules apply to all games and competitions played under RCCC Rules of the Game.

R1. Sheet Layout

Note: Imperial measurements are listed for guidance.

- (a) The length of the playing area is 42.07m (138 ft), and the ice should be continued a further 1.83m (6 ft) behind each hack line. The width of the sheet from the inside edges of the side lines is a maximum of 5.00m (16 ft 5 inches). Dividing lines must be drawn from back line to back line or barriers placed between adjoining sheets. The length may be reduced to a minimum of 44.50m (146 ft) and the width to a minimum of 4.42m (14 ft 6 inches). If the local conditions of an existing facility do not permit those dimensions, then reasonable variation will be allowed. In the case of a Scottish Curling competition any variations will be subject to approval by the Chief Umpire. (See Appendix 1, page 89)
- (b) At each end of the sheet there are clearly visible parallel lines in the ice perpendicular to and running from side line to side line as follows:
 - (i) the tee line, 1.3 cm (1/2 in) maximum width, placed so that the centre of the line is 17.37 m (57 ft) from the middle of the sheet.
 - (ii) the back line, 1.3 cm (1/2 in) maximum width, placed so that the outside edge is 1.829 m (6 ft) from the centre of the tee line.

- (iii) the hog line, 10.2 cm (4 in) maximum width, placed so that the inside edge is 6.40 m (21 ft) from the centre of the tee line.
 - (iv) a centre line, 1.3 cm (1/2 in) maximum width, joins the midpoints of the tee lines and extends 3.66 m (12 ft) beyond the centre of each tee line.
 - (v) a hack line, 45.7 cm (18 in) in length and 1.3 cm (1/2 in) maximum width, is placed parallel to the tee line, at each end of the centre line.
 - (vi) a courtesy line, 15.2 cm (6 in) in length and 1.3 cm (1/2 in) maximum width, is placed 1.22 m (4 ft) outside and parallel to the hog lines, on each side of the sheet.
- (c) For wheelchair events, at each end of the sheet, two thin (e.g. - wool) wheelchair lines are placed parallel to and on both sides of the centre line, extending from the hog line to the outermost edge of the nearest circle, with the outside edge of each line being 45.7cm (18 in) from the centre line.
 - (d) A centre hole (tee) is placed at the intersection of each tee line and centre line. With the tee as centre, there are four concentric circles placed at each end of the sheet, with the outer edge of the outer circle having a radius of 182.9 cm (6 ft), the next circle a radius of 121.9 cm (4 ft), the next circle a radius of 61.0 cm (2 ft), and the innermost circle having a minimum radius of 15.2 cm (6 in).
 - (e) Two hacks are placed on the hack line, on both sides of the centre line, with the inside edge of each hack 7.6 cm (3 in) from the midpoint of the centre line. The width of each hack shall not exceed 15.2 cm (6 in). The hack is attached to suitable material, and the inside edge of that material is placed on the inside edge of the hack line so that the hack does not extend more than 20.3 cm (8 in) in front of the hack line. If the hack is recessed into the ice, this is not to be more than 3.8 cm (1.5 in) in depth.
 - (f) All lines shall be as in the accompanying diagram (on the following page) which shall form part of the rules subject to the additional provisions in R17: The Outdoor Game.

2010-June

R2. Stones

- (a) A curling stone is of circular shape, having a circumference no greater than 91.4 cm (36 in), a height no less than 11.4 cm (4.5 in), and a weight, including handle and bolt, no greater than 19.96 kg (44 lbs) and no less than 17.24 kg (38 lbs).
- (b) Each team uses a set of eight stones which should have the same handle colour and be individually identifiable by visible markings. If a stone is damaged and becomes unsuitable for play, a replacement stone is used. If a replacement stone is not available, a stone previously delivered in the end is redelivered.
- (c) If a stone is broken in play a replacement stone shall be placed where the largest fragment came to rest. The end in play, and the game, shall be completed using the replacement stone.
- (d) If a stone rolls over while in motion, or comes to rest on its side or top, it is removed from play immediately.
- (e) If a handle completely separates from a stone during delivery, the delivering player has the option of either allowing the play to stand, or of redelivering the stone after any displaced stones have been replaced to their original positions prior to the incident taking place.
- (f) A stone that does not come to rest completely beyond the inside edge of the hog line at the playing end is removed from play immediately, except when it strikes another stone, in which case it remains in play.
- (g) A stone that completely crosses the outside edge of the back line at the playing end is removed from play immediately.
- (h) A moving stone that touches or crosses a dividing line will be allowed to continue in its progress until it comes to rest providing that it has not made contact or is likely to make contact with any object in the adjoining sheet. After coming to rest a stone must lie completely inside the dividing line or it is removed from play.
- (i) A stone may be measured only visually until the last stone of the end has come to rest, except to determine if a stone is in play, or, prior to playing the second, third, fourth, or fifth stone of an end, to determine if a stone is in the Free Guard Zone.
- (j) Teams are not to make alterations to, nor place any object on or over, their game stones, subject to the provisions in R17: The Outdoor Game.

R3. Teams

The rules below apply unless individual competition rules state otherwise.

- (a) A team is composed of four players. Each player delivers two stones, in consecutive order in each end, while alternating with an opponent.
- (b) A team declares its delivery rotation, and the skip and vice-skip positions, prior to the start of a game and maintains that rotation and those positions throughout that game subject to (d) (ii). A team that deliberately changes its delivery rotation, or positions, during a game will forfeit the game. (See Appendix 1, page 89)
- (c) A team must start a game with a full complement of four players. The game starts with the delivery of the first stone of the first end for each team or, where appropriate, with the delivery of the team's first LSD stone. Any team not having its full complement shall be subject to R11(j).
 - (i) Where a player is unable to play in a round of a competition due to illness, accident or any other valid reason, that player may be replaced by a substitute, provided this substitute has not already taken part in that competition in any other team.
 - (ii) A substitute may play in any position in any round but not higher than the position of the curler being replaced.
 - (iii) The skip shall declare any substitute in the first round of a competition or the nominated team in the first round shall be understood to be the entered team.
 - (iv) No team shall take into play more than two substitutes, in any game, match or competition.
 - (v) All substitutes must be eligible in terms of the rules of the competition. If a substitute plays in a position higher than the curler he is replacing the result will be the forfeiture of the game. In league play, penalties shall apply as under Forfeiture of the Game, R11(j))

- (d) Where a player is unable to continue to play in a game, the team may either:
 - (i) Continue play with the remaining three players, in which case the player who left the game may only re-join the game at the start of an end. A player may leave and return to a game only one time in any game; or
 - (ii) Bring in a qualified alternate/substitute at the beginning of an end and any alternate/substitute must play in the position of the replaced player when entering a game in progress. When the substitute is introduced the positions of skip and vice skip positions may be changed. If an alternate/substitute joins a game, the player who was substituted may rejoin the team for the next game.
 - (iii) Where it is known prior to the start of an end that a team will have only three players, the first two players shall deliver three stones each and the last player shall deliver two stones.
- (e) A team may not play with fewer than three players, all players delivering all their allocated stones in each end.
- (f) A team may not use more than two substitutes in a game. If there is a violation, the offending team will forfeit the game.
- (g) If a player delivers the first allocated stone of an end and is unable to deliver the second allocated stone, the following is the procedure for the remainder of that end. If the player is the:
 - (i) first player, the second player delivers the stone
 - (ii) second player, the first player delivers the stone
 - (iii) third player, the second player delivers the stone
 - (iv) fourth player, the third player delivers the stone
- (h) If a player whose turn it is to deliver is unable to deliver both of the allocated stones during an end, the following is the procedure for the remainder of that end. If the player is the:
 - (i) first player, the second player delivers three stones, then the third player delivers three stones, then the fourth player delivers the last two stones

- (ii) second player, the first player delivers three stones, then the third player delivers three stones, then the fourth player delivers the last two stones
- (iii) third player, the first player delivers the first stone of the third player, then the second player delivers the second stone of the third player, then the fourth player delivers the last two stones
- (iv) fourth player, the second player delivers the first stone of the fourth player, then the third player delivers the second stone of the fourth player

R4. Position of Players

(a) Non-Delivering Team:

- (i) During the process of delivery the players take stationary positions along the sidelines between the courtesy lines where marked or otherwise between the hog lines. However:
 - the skip and/or vice-skip may take stationary positions behind the back line at the playing end, but must not interfere with the choice of place of the skip or vice-skip of the delivering team,
 - the player who is to deliver next may take a stationary position to the side of the sheet, behind the hacks, at the delivering end.
- (ii) The non-delivering team players must not take any position, nor cause any motion, which could obstruct, interfere with, distract or intimidate the delivering team.

(b) Delivering Team:

- (i) The skip, or the vice-skip when it is the skip's turn to deliver or when the skip is not on the ice, is in charge of the house.
- (ii) The player in charge of the house is positioned inside the hog line, with at least one foot/wheel on the ice surface of the playing end of the team's sheet, while the team is in the process of delivery (excluding Pairs and Doubles competitions).
- (iii) Any improper position of players will result in the delivered stone being removed from play, and any displaced stones shall be replaced, by the non-offending team, to their positions prior to the violation taking place.

R5. Delivery

- (a) Unless predetermined, or decided by the Last Stone Draw (LSD), the teams opposing each other in a game shall use a coin toss to determine which team delivers the first stone in the first end. This order of play shall be maintained until one team scores, after which the team that most recently scored delivers the first stone in any subsequent end.
- (b) Unless predetermined, the team playing the first stone of the first end has the choice of stone handle colour for that game.
- (c) Right-handed deliveries are delivered from the hack on the left of the centre line and left-handed deliveries are delivered from the hack on the right of the centre line. A stone delivered from the wrong hack is removed from play, and any displaced stones are replaced to their original positions by the non-offending team, to their positions prior to the violation taking place.

Wheelchair curlers playing in games involving non-wheelchair curlers shall be subject to R13(b)

- (d) A stone must be clearly released from the hand before it reaches the hog line at the delivery end. If the player fails to do so, the stone is immediately removed from play by the delivering team. (See Appendix 1, page 89)
- (e) If a hog line violation stone is not immediately removed and strikes another stone, the delivered stone is removed from play by the delivering team, and any displaced stones are replaced to their original positions, by the non-offending team, to their positions prior to the violation taking place.
- (f) A stone is in play, and considered delivered, when it reaches the tee line (hog line for wheelchair curling) at the delivery end. A stone that has not reached the relevant line at the delivery end may be returned to the player and redelivered.
- (g) All players must be ready to deliver their stones when their turns come, and not take an unreasonable amount of time to play.
- (h) If a player delivers a stone belonging to the opposing team, that stone is allowed to come to rest, and is then replaced by a stone belonging to the delivering team.

- (i) If a player delivers a stone out of proper rotation, the end continues as if the mistake had not occurred. The player who missed a turn delivers the last stone for that team in that end. If it cannot be determined which player delivered out of proper rotation, the player who delivered the first stone in the end for that team delivers the last stone for that team in that end.
- (j) If a player inadvertently delivers too many stones in one end, the end continues as if the mistake had not occurred and the number of stones allocated to the last player of the offending team shall be reduced accordingly. If the player delivering the last stones of an end is the player that inadvertently delivers too many stones, the last delivered stone will be removed from play and any displaced stones are replaced, by the non-offending team, to their positions prior to the violation taking place.
- (k) If a team delivers two stones in succession in the same end:
 - (i) the second stone is removed and any displaced stones replaced to their original positions, by the non-offending team, to their positions prior to the violation taking place. The player, who delivered the stone played by mistake, redelivers it as the last stone for the team in that end.
 - (ii) should the infraction not be discovered until after the delivery of a subsequent stone, the end is replayed.
- (l) Where the wrong team starts an end:
 - (i) If the error is discovered after only the first stone has been delivered, the end shall be replayed.
 - (ii) If the error is discovered after the second stone of the end has been delivered, play continues as if the error had not occurred.
- (m) No player shall deliver a stone, until the stone delivered by the previous player has come to rest or until such time as any stone whose movement has been generated by that stone comes to rest. Where an infringement takes place the stone shall be returned to the offending player who shall re-deliver it.

R6. Free Guard Zone

The Free Guard Zone (FGZ) shall apply for any game, match or competition played under RCCC Rules excepting The Grand Match and the Points Competition. (See Appendix 1, p89)

- (a) A stone that comes to rest between the tee line and the hog line at the playing end, excluding the house, is deemed to be within an area designated as the FGZ. Also, stones that are in play, on or before the hog line, after striking stones in the FGZ, are deemed to be in the FGZ.
- (b) If, prior to the delivery of the sixth stone of an end, a delivered stone causes, either directly or indirectly, an opposition stone to be moved from the FGZ to an out-of-play position, then the delivered stone is removed from play, and any displaced stones are replaced to their original positions, by the non-offending team, to their positions prior to the violation taking place.

In the event of any stone being measured whether by instrument or eye to determine if it is in the FGZ, and provided that stone has not been touched for the remainder of that end, no further measurement of it will be made.

R7. Sweeping

- (a) The sweeping motion can be in any direction (it need not cover the entire width of the stone), must deposit no debris in front of a moving stone, and must finish to either side of the stone.
- (b) A stationary stone must be set in motion before it can be swept. A stone set in motion by a delivered stone, either directly or indirectly, may be swept by any one or more of the team to which it belongs anywhere in front of the tee line at the playing end.
- (c) All players may clean the playing surface prior to the delivery of the next stone.
- (d) A delivered stone may be swept by any one or more of the delivering team anywhere in front of the tee line at the playing end.
- (e) No player may ever sweep an opponent's stone except behind the tee line at the playing end and may not start to sweep an opponent's stone until it has reached the tee line at the playing end. (See Appendix 1, p90)
- (f) Behind the tee line at the playing end, only one player from each team may sweep at any one time. This may be any player of the delivering team, but only the skip or vice-skip of the non-delivering team.
- (g) Behind the tee line, a team has first privilege of sweeping its own stone, but it must not obstruct or prevent its opponent from sweeping.

- (h) If a sweeping violation occurs, the non-offending team has the option of allowing the play to stand, or of placing the stone, and all stones it would have affected, where they would have come to rest had the violation not occurred.

R8. Touched Moving Stones

- (a) Between the tee line at the delivery end and the hog line at the playing end:
- (i) If a moving stone is touched, or is caused to be touched, by the team to which it belongs, or by its equipment, the touched stone is removed from play immediately by that team. A double touch by the person delivering the stone, prior to the hog line at the delivery end, is not considered a violation.
 - (ii) If a moving stone is touched, or is caused to be touched, by an opposition team, or by its equipment, or is affected by an external force:
 - If the stone was the delivered stone, it is redelivered
 - If the stone was not the delivered stone, it is placed where the team to which it belongs reasonably considers it would have come to rest had it not been touched.
- (b) Inside the hog line at the playing end:
- (i) If a moving stone is touched, or is caused to be touched, by the team to which it belongs, or by its equipment, all stones are allowed to come to rest, after which the non-offending team has the option to:
 - remove the touched stone, and replace all stones that were displaced after the infraction to their positions prior to the violation taking place; or
 - leave all stones where they came to rest; or
 - place all stones where it reasonably considers the stones would have come to rest had the moving stone not been touched.

- (ii) If a moving stone is touched, or is caused to be touched, by an opposition team, or by its equipment, all stones are allowed to come to rest, after which the non-offending team places the stones where it reasonably considers the stones would have come to rest, had the moving stone not been touched.
 - (iii) If a moving stone is touched, or is caused to be touched, by an external force, all stones are allowed to come to rest, and then placed where they would have come to rest if the incident had not occurred. If the teams cannot agree, the stone is redelivered after all displaced stones have been replaced to their positions prior to the violation taking place. If agreement on those positions cannot be reached, the end is replayed.
- (c) Last Stone Draw (LSD) stones:
 - (i) If a member of the delivering team touches a moving stone, or causes it to be touched, the stone will be removed and recorded as 199.6 cm.
 - (ii) If a member of the non-delivering team touches a moving stone, or causes it to be touched, the stone will be redelivered.
 - (iii) If an external force touches a moving stone, or causes it to be touched, the stone will be redelivered.
- (d) If a moving stone is touched by a stone deflecting off the sheet dividers or side barriers the non-delivering team shall place the stone where it reasonably considers the stone would have come to rest had the moving stone not been touched.

R9. Displaced Stationary Stones

- (a) If a stationary stone which would have had no effect on the outcome of a moving stone is displaced, or caused to be displaced, by a player, it is replaced by the non-offending team, to its position prior to the violation taking place.
- (b) If a stationary stone which would have had no effect on the outcome of a moving stone is displaced, or caused to be displaced, by an external force, it is replaced with agreement of the teams, to its position prior to the violation taking place.

- (c) If a stone which would have altered the course of a moving stone is displaced, or caused to be displaced, by a player, all stones are allowed to come to rest and then the non-offending team has the option to:
 - (i) leave all stones where they came to rest; or
 - (ii) remove from play the stone whose course would have been altered, and replace any stones that were displaced after the violation to their positions prior to the violation taking place; or
 - (iii) place all stones in the positions the team reasonably considers they would have come to rest had a stone not been displaced.
- (d) If a stone which would have altered the course of a moving stone is displaced, or caused to be displaced, by an external force, all stones are allowed to come to rest, and are then placed in the positions in which they would have come to rest had a stone not been displaced. If the teams cannot agree, the stone is redelivered after all displaced stones have been replaced to their positions prior to the violation taking place. If agreement on those positions cannot be reached, the end is replayed.
- (e) If a displacement is caused by stones deflecting off a barrier the stones are replaced by the non-delivering team, to their positions prior to the violation taking place.
- (f) Last Stone Draw (LSD) Stones:
 - (i) If a member of the delivering team displaces a stationary stone, or causes it to be displaced, before the official completes the measurement, the stone will be removed and recorded as 199.6 cm.
 - (ii) If a member of the non-delivering team displaces a stationary stone, or causes it to be displaced, before the official completes the measurement, the stone is replaced by the delivering team, to its position prior to the violation taking place.

If an external force displaces a stationary stone, or causes it to be displaced, before the official completes the measurement, the stone is replaced by the delivering team, to its position prior to the violation taking place.

R10. Equipment

- (a) No player shall cause damage or engage in any action which could lead to damage to the ice surface by means of equipment, hand prints, or body prints. A player may be ejected from a game under C10(g) if continually breaking this rule.
- (b) Teams must not use electronic communication equipment, or any device to modify the voice, during a game. With the exception of stopwatches that are limited to providing 'time' data only, the use of electronic devices during the games, which provide information to players on the field of play, are forbidden.
- (c) When a properly functioning electronic hog line device is being used:
 - (i) The handle must be properly activated so that it is functioning during the delivery, or it will be considered a hog line violation stone.
 - (ii) A glove or mitt must not be worn on the delivery hand during the delivery of a stone. If there is violation, the delivered stone shall be removed from play, and any displaced stones shall be replaced, by the non-offending team, to their positions prior to the violation taking place.
- (d) In competitions other than Scottish Curling championships leading to international representation, a player may change the type of brush or synthetic broom at any time during a game, provided there is no delay. (See Appendix 1, page 90)
- (e) The use of a delivery stick shall be restricted as follows:
(See Appendix 1, page 90)
 - (i) The delivery stick may not be used in any WCF competition or qualifying event, except wheelchair events.
 - (ii) Players choosing to deliver with a delivery stick must use that device for the delivery of all their stones during the entire game.
 - (iii) The stone must be delivered along a straight line from the hack to the intended target.
 - (iv) The stone must be clearly released from the delivery stick before it reaches the hog line at the delivering end. A stone is in play, and considered delivered, when it reaches the hog line at the delivery end.

- (v) A delivery stick shall not convey any mechanical advantage other than acting as an extension of the arm/hand.

R11. Scoring

- (a) The result of a game is decided by a majority of shots at the completion of the scheduled ends of play or by pre-determined time or when a team concedes victory to its opponent, or when one team is arithmetically eliminated (in the case of a game requiring only a win/loss decision) provided the minimum number of ends has been completed. Once the minimum number of ends has been played a team that has been arithmetically eliminated may complete the current end but no new end may be started. However, if a team is arithmetically eliminated in the last end of a game, the game should stop when this occurs and the end will not be finished.

If the time signal has not started when the last stone of the last player end has come to rest and any stone(s) whose movement has been generated by that stone has also come to rest or gone out of play then another end shall be played.

- (b) At the completion of an end (when all stones have been played), a team scores one shot for each of its own stones located in or touching the house that are closer to the tee than any stone of the opposition.
- (c) The score of an end is decided when the skips or vice-skips in charge of the house agree upon the score. If stones that may have affected the shots scored in an end are displaced prior to that decision, the non-offending team receives the benefit that might have accrued from a measurement. (See Appendix 1, page 90)
- (d) When determining the score of an end, if teams cannot visually decide which stones are closer to the tee, or whether a stone is touching the house, a measuring device is used. Measurements are taken from the tee to the nearest part of the stone.

Any one player on the ice from each team is allowed to observe any measurement that is made by a measuring device. Following the measurement the shot(s) will be indicated before any stone(s) is moved. Either player observing the measurement has the right to ask for the stones to be re-measured.

- (e) If two or more stones are so close to the tee that it is impossible to use a measuring device, the determination is made visually.
- (f) If a decision cannot be reached, either visually or with a measuring device, the stones are considered equal, and:
 - (i) If the measure was to determine which team scored in the end, the end is blanked.
 - (ii) If the measure was to determine additional shots, only the stones closer to the tee are counted.
- (g) Should an external force cause the displacement of stones that would have affected the score prior to agreement of the score, the following applies:
 - (i) If the displaced stones would have determined which team scored in an end, the end is replayed.
 - (ii) If a team secured a shot(s), and the displaced stone(s) would have determined if an additional shot(s) was scored, that team has the option of replaying the end or of keeping the shot(s) already secured.

No stone shall be measured by instrument until the last stone of the end has come to rest except to decide whether or not a stone is in play or in the FGZ.
- (h) When a team concedes the game before the completion of an end, the score of the end is determined at that time, in the following manner:
 - (i) If both teams still have stones to be delivered, "X"s are placed on the scoreboard.
 - (ii) When only one team has delivered all of its stones:
 - If the team that delivered all its stones has stone(s) counting, no shots are given, "X"s are placed on the scoreboard unless the shots are required to determine the outcome.
 - If the team that did not deliver all its stones has stone(s) counting, these shots are given and placed on the scoreboard.
 - If no stones are counting, "X"s are placed on the scoreboard.
- (i) The final score of a forfeited game is recorded as "W - L" (win - loss) where only a final result is required.

(j) Failure to appear:

- (i) Unless Individual Competitions state otherwise a game commences when all players are on the ice and ready to play.

If a team entered to play has a member(s) failing to appear on the ice and ready to play the following penalties shall apply:

After 5 minutes	1 end	and	1 shot
After 10 minutes	1 end	and	2 shots
After 15 minutes	1 end	and	3 shots
After 20 minutes	2 ends	and	4 shots
After 25 minutes	2 ends	and	5 shots
After 30 minutes	Game forfeited		

In Doubles Curling, the following penalties shall apply:

After 5 minutes	1 end	and	1 shot
After 10 minutes	1 end	and	2 shots
After 15 minutes	2 ends	and	3 shots
After 20 minutes	Game forfeited		

- (ii) For games played under Game Timing (C6), if a team is not available to start a game at the designated time, the following takes place:

- If the delay of the start of play is 01:00-15:00 minutes (01:00-10:00 minutes for Mixed Doubles), then the non-offending team receives one shot and one end is considered completed.
- If the delay of the start of play is 15:01-30:00 minutes (10:01-20:00 minutes for Mixed Doubles), then the non-offending team receives one additional shot, and two ends are considered completed.
- If play has not started after 30:01 minutes (20:01 minutes for Mixed Doubles), then the non-offending team is declared the winner by forfeit.

- (iii) Where a late penalty applies in any game, ends forfeited shall be deducted from the total ends to be played. In all situations the non-offending team has the choice of playing first or second stones in the first end of actual play.
- (iv) Upon forfeiture of the game the following penalties shall be imposed:
 - Six shots shall be awarded to the non-offending team i.e. score would read 6 - 0.
 - Games played to session times:

Under 1 hour 40 minutes	4 ends awarded
Over 1 hour 40 minutes but under 2 hours 10 minutes	5 ends awarded
Over 2 hours 10 minutes	6 ends awarded
No ends shall be awarded to the offending team	
 - Games played to a fixed number of ends:

6-7 ends	4 ends awarded
8-9 ends	5 ends awarded
10 ends	6 ends awarded
No ends shall be awarded to the offending team	
- (v) The latecomers rule shall apply whether games are played by time or a fixed number of ends.
- (vi) A team entered to play and failing to appear at a competition shall be liable for the payment for ice charges arising from the default.

R12. Interrupted Games

If for any reason, a significant interruption of a game occurs, play recommences when possible, with the end that was in progress being replayed, subject to the provisions in R17: The Outdoor Game. (See Appendix 1, page 91)

R13. Wheelchair Curling

- (a) Stones are delivered from a stationary wheelchair.
- (b) When the stone is delivered between the hack and the outermost edge of the top of the house at the delivery end, at the start of the delivery, the stone is positioned on the centre line. When the stone is delivered between the outermost edge of the top of the house and the hog line at the delivery end, the entire width of the stone must be within the wheelchair lines at the start of the delivery.
- (c) During delivery, the feet of the player delivering the stone must not touch the ice surface and the wheels of the chair must be in direct contact with the ice.
- (d) The delivery of the stone is undertaken by the conventional arm/hand release or by the use of an approved delivery stick. Stones must be clearly released from the hand or stick before the stone reaches the hog line at the delivery end.
- (e) A stone is in play when it reaches the hog line at the delivery end. A stone that has not reached the hog line at the delivery end may be returned to the player and redelivered.
- (f) Sweeping is not permitted.
- (g) If a delivery violation occurs, the delivered stone shall be removed from play, and any displaced stones shall be replaced, by the non-offending team, to their positions prior to the violation taking place.
- (h) Unless individual competition rules state otherwise all games shall be 8 ends or the bell

R14. Doubles Curling

- (a) A team is composed of two players. A team must forfeit any game(s) in which it fails to have both players playing for the entire game.
- (b) The scoring shall be the same as in a regular game of curling. The “positioned” stones that are placed prior to the beginning of each end are eligible to be counted in the scoring.
- (c) Each game may be scheduled for a maximum of 8 ends.

- (d) Each team shall deliver 5 stones per end. The player delivering the team's first stone of the end must also deliver the team's last stone of that end. The other team member shall deliver the team's second, third and fourth stones for that end. The player delivering the first stone can change from end to end.
- (e) No stone in play, including the "positioned" stones and those in the house, can be moved to an out-of-play position prior to the delivery of the fourth stone of an end (the fourth delivered stone is the first stone that can remove any stone from play). If there is a violation, the delivered stone shall be removed from play, and any displaced stone(s) shall be replaced by the non-offending team to their position prior to the violation taking place. (See Appendix 1, page 91)
- (f) Prior to the start of every end, one team shall place its "positioned" stone at the playing end of the sheet in one of two positions, designated A and B. The opponent's "positioned" stone shall then be placed in whichever position (A or B) remains vacant. The location of these positions shall be as follows (see diagram):
- (i) Position A: Placement so that the stone is bisected by the centre line and is either immediately in front of or immediately behind one of 3 points in the ice. See page 24, MD Points. The points are placed on the centre line:
- at the mid-point between the hog line and the outermost edge of the top of the house.
 - 0.91 m (3 ft) from the mid-point closer to the house.
 - 0.91 m (3 ft) from the mid-point closer to the hog line.

Based on the ice conditions, when no event official is available to make the decision the teams shall determine the specific placement for each sheet for Position A to be used prior to the start of the pre-game practice and that same placement must be used for the entire game.

- (ii) Position B: Placement so that the stone is bisected by the centre line and is in the back of the 4-foot circle. The back edge of the stone is aligned with the back edge of the 4-foot circle (see diagram).

- (iii) **Power Play:** Once per game, each team, when it has the decision on the placement of the “positioned” stones, can use the “Power Play” option to position those two stones. The in-house stone (B), which belongs to the team with last stone in that end, is placed on either side of the house with the back edge of the stone touching the tee line, at the point where the 8-foot and 12-foot circles meet. The guard stone (A) is positioned to the same side of the sheet, the same distance that was determined for the centre guards (see diagram). The “Power Play” option cannot be used in extra ends.

Figure No. 1 - Centre Guard

Figure No. 2 - Power Play Option

- g) The team having the decision on the placement of the “positioned” stones shall be:
- (i) Teams opposing each other in the game shall use the Last Stone Draw (LSD) to determine which team has the decision in the first end. The team with the lesser LSD distance shall have the decision on the placement.
 - (ii) Following the first end, the team that did not score shall have the decision on the placement.
 - (iii) If neither team scores in an end, the team that delivered the first stone in that end shall have the decision on placement in the next end. In the case of a blanked end due to an equal measure, the team that had the decision on the placement of the “positioned” stones shall not change for the next end.
- (h) The team whose “positioned” stone is placed in Position A (in front of the house) shall deliver the first stone in that end, and the team whose “positioned” stone is placed in Position B (in the house) shall deliver the second stone in that end.
- (i) While the team is in the process of delivery, the non-delivering player may be anywhere on the ice surface of the team’s sheet. After delivery, either or both players may sweep their delivered stone and any stones set in motion that belong to their team anywhere in front of the tee line at the playing end. This applies during all of the team’s delivered stones, including the LSD.
- (j) If a delivery violation occurs, the delivered stone shall be removed from play, and any displaced stones shall be replaced, by the non-offending team, to their positions prior to the violation taking place. Should the infraction not be discovered until after the delivery of a subsequent stone, play continues as if the infraction had not occurred,

R15. Prohibited Substances

The use of prohibited substances or drugs, whether taken knowingly without therapeutic exemption or otherwise, is unethical and forbidden. The anti-doping rules of Scottish Curling are the UK Anti-Doping Rules published by UK Anti-Doping Limited (or its successor), as amended from time to time. If such use occurs player(s) will be disqualified from the competition and it could lead to further suspension.

R16. Inappropriate Behaviour

Improper conduct, foul or offensive language, equipment abuse, or wilful damage on the part of any team member is prohibited. Any violation may result in disciplinary action according to the Scottish Curling Disciplinary Policy.

R17. The Outdoor Game

(a) General

- (i) Play shall be from a single hack or crampit placed on the centre line. When hack and crampit are both being used on the same sheet, the heel of the crampit will be placed on the foot line and the hack, if used, placed immediately in front of the crampit.
- (ii) If from any change of weather after a game has begun, or from any other reasonable cause, one side should desire to shorten the sheet, or to change to another, and if the two skips cannot agree, the umpire shall, after seeing one end played, determine whether and by how much the sheet shall be shortened, or whether it shall be changed, and that decision shall be final.
- (iii) In no case, however, shall the sheet be shortened to less than 29.26 m (96 ft) from the foot line to the tee.
- (iv) Should there be no umpire, or should the umpire be otherwise engaged, the two skips may call in any neutral curler to decide, and that curler's powers shall be equal with those of an umpire.

(b) Stopping, Postponing a Game

- (i) Should the skips not agree, the umpire shall, in the event of the ice appearing to be dangerous, stop the game.
- (ii) The Umpire shall postpone the game, even if begun, when the state of the ice is not fitted for testing the curling skill of the players.

(iii) Except in very special circumstances, of which the umpire shall be judge, the game or match shall not proceed, or be continued:

- When a thaw has fairly set in;
- When snow is falling and likely to continue during the game or match:
- If darkness comes on to prevent the played stones being well seen by players at the other end of the sheet.
- In every case of such postponement to another day the game or match, when renewed, must begin anew.

(c) Cleaning Sheet

(i) At the completion of any end, either of the skips may call upon all the players to clean and sweep the entire sheet.

(ii) If objected to, this shall be subject to the approval of the umpire.

(d) Sweeping

When snow is falling or drifting, both skips have equal right to clean and sweep the ice behind the tee line

(e) Reversing of Stone

During a game, the sole of a stone may be reversed provided there is no delay when the player's turn comes.

REGULATION OF SCOTTISH CURLING COMPETITIONS

The following rules apply to all competitions organised by Scottish Curling.

C1. General

- (a) If there are any modifications to the rules of play for Scottish Curling competitions these will be explained during the Team Meeting or sent in a covering letter.
- (b) Definitions applying to Scottish Curling competitions:
 - (i) Game: Play between two teams by time or a given number of ends.
 - (ii) Match: A contest of two or more teams playing against an equal number of teams.
 - (iii) Competition: A playdown by any number of teams playing games or matches to determine a final winner.
- (c) Scottish Curling has adopted Anti-Doping Rules to impose clear prohibitions and controls on doping in order to preserve the integrity of, and values of fair play in, curling and to protect the rights and health of participants.
 - (i) All players, and supporting personnel, competing in National level competitions and/or registered in the Domestic Testing Pool, are subject to the Scottish Curling Anti-Doping rules and procedures defined by UKAD.
 - (ii) Scottish Curling is a member of and subject to the jurisdiction of the World Curling Federation (WCF). All players, and supporting personnel, registered in the International (WCF) testing pool will be subject to the WCF rules and procedures defined by WADA.

The rules, regulations and further information are available to download from the Anti-doping section of the Scottish Curling website.

C2. Participating Teams

Unless individual competition rules state otherwise the rules below apply.

- (a) A team shall be composed of four Scottish Curling members whose subscriptions to Scottish Curling have been paid for the current season. Membership is valid from 1 November to 31 October annually.

- (b) A team, Club or Province may be entered for a Scottish Curling competition at only one affiliated Ice Rink.
- (c) Entries should be received by Scottish Curling on the official entry form along with the appropriate entry fee as decided by Scottish Curling.
- (d) It shall be the team's responsibility at the date of entry to name the team and to inform Scottish Curling of any subsequent changes which might affect the entry.
- (e) Substitution rules for all Scottish Curling Qualifying competitions listed in Appendix 2.
 - (i) At the start of the championship each team must confirm its four named players, or two named players for Mixed Doubles championships.
 - (ii) Each team is allowed two substitutes throughout the entire championship.
 - (iii) Substitutes may not play in a team position higher than that of the named player for whom they are substituting.
- (f) The alternate/substitute players, coach and where appropriate team delivery rotation and skip/vice-skip positions are listed on the original team line-up form, and submitted to the Chief Umpire at the end of the Team Meeting. If a team wishes to make a change a team line-up form must be submitted to the Chief Umpire at least 15 minutes prior to the game.
- (g) To be eligible to play in wheelchair competitions, a player must fulfil the eligibility criteria detailed in the WCF Classification rules.
- (h) While a game is in progress, the coach, the alternate/substitute player, and all other team officials are prohibited from communicating with their team or being within the playing area except during specifically designated breaks or team time-outs. This restriction applies to all verbal, visual, written, and electronic communication, including any attempt to signal for the implementation of a team time-out. Coaches or other team personnel sitting on coach bench cannot watch or listen to broadcasts. The coach, the alternate player, and one team official may participate in the pre-event and the pre-game practices but may not communicate with their team during the LSD.

- (i) In the finals of all competitions listed in Appendix 2:
 - (i) One player and one team official must attend the Team Meeting. When a team has no team official(s) registered, two players must attend the meeting. Failure to do so, without approval of the Chief Umpire, results in the forfeit of the last stone advantage for that team in its first game.
 - (ii) For teams in post round robin play a team representative must attend the play-off meetings, or the team will lose the choices to which it would normally be entitled.
- (j) To be eligible to compete in the competitions listed in Appendix 2:
 - (i) Each competitor must either be born in Scotland or have a Scottish parent or have been domiciled in Scotland for two consecutive years prior to the Championship.
 - (ii) No athlete who has represented, or played in an international qualifier for, another country in any WCF competition may represent Scotland in any WCF competition or WCF international qualifier until a period of two consecutive years has elapsed. An international qualifier for a WCF competition is defined as a qualifying competition at international level, not a qualifying competition or qualifying process within a WCF Member Association that leads to international representation. It is therefore the case that such persons cannot enter or play in any Scottish Curling competition listed in Appendix 2.
 - (iii) In the Scottish Curling Junior Championships, a player must be less than 21 years of age by the end of the 30th day of June of the year in which the team submits its entry.
 - (iv) In the Scottish Curling Senior Championships, a player must be not be less than 50 years of age at the end of the 30th day of June of the year in which the team submits its entry.

C3. Team Uniforms / Equipment

Team Uniform -

(a) At Scottish Curling televised events and the following Scottish Championships :

- Scottish Curling Championships
- Scottish Curling Mixed Doubles Championship
- Scottish Curling Junior Championships
- Scottish Curling Senior Championships

(i) Teams must wear matching uniforms throughout.

(ii) Scottish Curling reserves the right to provide badges to be worn in the case of a major sponsor.

(b) All Scottish Curling Competitions:

Teams should look professional in the same colour of uniform.

Scottish Curling permits the wearing of sponsors logos in positions listed below:

- A. RIGHT CHEST
- B. LEFT CHEST

- X. Reserved for Scottish Curling for badges to be worn in the case of a major sponsor.

FRONT

BACK

- (c) SURNAME - may only be positioned at the top of the back.
- (d) Teams should not wear uniforms that are branded with (or replicas of) other curling associations, football, rugby, or other team sports.
- (e) No tobacco can be advertised.
- (f) No advertising of age restricted products, services or service providers (including but not limited to alcohol, gambling) is allowed on the uniform of any team/players under the age of 18, or at any junior event. Logos/emblems indicating that a team is supported by/receives funding from The National Lottery are however permitted.
- (g) All team sponsors' logos must have the approval of Scottish Curling. All requests must be submitted to the Scottish Curling Competition Manager at least 7 days before the event to give time for any required uniform change.
- (h) No Sponsors that will bring individuals, teams, Scottish Curling or the sport into dispute will be permitted.
- (i) Logo placement should be the same for all team members on all playing garments.
- (j) Teams are free to add sponsor logos to equipment such as: brushes, gloves, hats and bags, only restricted by clauses (e), (f), (g) and (h) above.
- (k) If any C3 TEAM UNIFORMS / EQUIPMENT rules are not followed the Scottish Curling Disciplinary Policy will be followed.

- (l) In any case of uncertainty over whether a proposed design is compliant, the Scottish Curling Competition Manager should be consulted for advice.

Equipment -

- (m) Each player must declare an approved sweeping device at the start of a game, and only that player can use that device for sweeping during the game. Penalty: If a player sweeps with another person's sweeping device, one of their team's own stones, that stone should be removed from play. If a player sweeps with another person's sweeping device a stone belonging to the opponent, the stone should be replaced by the non-offending team where it would have come to rest, had the violation not occurred.
- (n) Players may not change their brush heads during a game, unless the Chief Umpire grants special permission. Penalty: If a change is made without permission, the team will forfeit the game.
- (o) If an alternate/substitute player comes into a game, that player must use the brush of the player being replaced. Penalty: If a new sweeping device is brought into the game, the team will forfeit the game.
- (p) All Field of Play equipment used at Scottish Curling competitions listed in Appendix 2 must conform to WCF Statement of Principles for Competitions Equipment, Specifications for Sweeping Devices and the Approved Code List as defined and published on the WCF website. Reasons for equipment being considered non-approved include, but not restricted to: damage to the ice surface, non-conformance with existing rules or standards (e.g. - electronic communication devices), performance testing results that give an unfair advantage, failing to register equipment with the Scottish Curling office by the deadline date.
- (q) The penalty for using, in Scottish Curling competitions, equipment which does not conform to the Statement of Principles for Competitions Equipment established by the WCF:
 - (i) First team offence during a competition - the team forfeits the game.
 - (ii) Second team offence during a competition - the team is disqualified from the competition.

C4. Pre-Game Practice

- (a) Prior to the start of every game at the Scottish Curling competitions (including any Qualifiers) listed below, each team is allowed a pre-game practice on the sheet on which it will be playing.
 - (i) Scottish Curling Men's Championship
 - (ii) Scottish Curling Women's Championship
 - (iii) European Playdowns
 - (iv) Scottish Curling Junior Championships
 - (v) Scottish Curling Mixed Doubles Championship
 - (vi) Scottish Curling Junior Mixed Doubles Championship
 - (vii) Scottish Curling Senior Championships
 - (viii) Scottish Curling Mixed Championship
- (b) All teams that receive a bye in their first game of any Scottish Curling competition may also be allowed, where possible, an additional practice prior to the start of their first game but on a different sheet. The length of this practice will not exceed 1 hour.
- (c) The duration of the pre-game practice is normally 7 minutes for Mixed Doubles and 9 minutes for any other event. The start-time of the pre-game practice will be communicated at the Team Meeting.
- (d) The schedule for pre-game practices during the round robin will be predetermined as much as possible. For the round robin games where this cannot be predetermined the winner of a coin toss will have the choice of first or second practice.
- (e) In post round robin games, where the LSFE has been predetermined, the team delivering the last stone in the first end practices first.
- (f) If the Chief Ice Technician deems it necessary, the ice will be cleaned and the slide path re-pebbled after the pre-game practice.

C5. Length Of Games

- (a) Unless competition rules state otherwise all games shall be 8 ends.
- (b) In competitions in which 8 ends are scheduled, a minimum of 5 ends must be completed.
- (c) In competitions in which 10 ends are scheduled, a minimum of 8 ends must be completed in play-off games and a minimum of 6 ends must be completed in all other games.

- (d) In the event of a tie in a game where a winner is necessary an extra end or ends shall be played as necessary.
- (e) All round robin games must be played if teams are still in contention to ensure no team could be seen to gain an advantage for later in the competition.

C6. Game Timing

- (a) Each team shall receive 38 minutes of thinking time for a 10 end game and 30 minutes of thinking time for an 8 end game (22 minutes in mixed doubles curling, 38 minutes in wheelchair curling, 30 minutes in wheelchair mixed doubles curling). This time is recorded and visible to the teams and coaches throughout the game.
- (b) When a team delays the start of a game, the playing time allotted to each team is reduced by 3 minutes 45 seconds (2 minutes 45 seconds in mixed doubles curling, 4 minutes 30 seconds in wheelchair curling, 3 minutes 30 seconds in wheelchair mixed doubles curling) for each end which was considered completed (Rules of Curling R11(j) apply).
- (c) When extra ends are required, the game clocks are reset and each team receives 4 minutes 30 seconds of thinking time for each extra end (3 minutes in mixed doubles curling, 6 minutes in wheelchair curling, 4 minutes 30 seconds in wheelchair mixed doubles curling).
- (d) The game and each end starts when the allotted break time expires. The delivering team's game clock will not run during the start of the game/end unless that team is delaying the start (no forward motion from the hack, or the stone not released from the delivery stick), then its game clock will be started. If there is no delay, the first game clock to start in each end will be that of the team delivering the second stone
- (e) Once all of the criteria below are met, the non-delivering team becomes the delivering team, and its game clock is started:
 - (i) all stones have come to rest or have crossed the back line and
 - (ii) stones that are displaced due to violations by the delivering team, and require repositioning, are returned to their positions prior to the violation and
 - (iii) the playing area has been relinquished to the other team, the person in charge of the house has moved behind the back line and the deliverer and sweepers have moved to the sides of the sheet

- (f) A team's game clock stops once the stone has reached the tee line (hog line in wheelchair curling) at the delivery end.
- (g) A team delivers stones only when its game clock is running or scheduled to be running. Any violation results in the stone being redelivered after any displaced stones have been returned, by the non-offending team, to their positions prior to the violation.
- (h) If stones need to be repositioned due to a violation caused by an external force both game clocks are stopped.
- (i) Game clocks are stopped at any time an umpire intervenes.
- (j) After the teams have agreed on the score for an end, a break occurs, when neither game clock is running. If a measurement is required, the break begins at the completion of that measurement. The length of the break between ends, which may vary due to television requirements or to other external factors, is determined for each competition and explained at the Team Meeting. When a break is of 3 minutes or more, the teams are informed when 1 minute of the break remains. Teams should not deliver the first stone of the next end before the end of a break. If the first stone of any end is delivered within 10 seconds after the break has elapsed, the time-clock will not start. The delivering team's game clock will start after this period unless the player is in the process of delivery. The length of the break will normally be:
 - (i) 1 minute at the completion of each end, except as noted in (j)(ii) and (iii). Teams can communicate with a coach, the alternate player or any other team official during those breaks if the venue layout allows.
 - (ii) 5 minutes at the completion of the end that defines the halfway point in the game. Teams are allowed to meet with a coach, the alternate/substitute player and one other team official within the playing area.
 - (iii) Where players in Mixed Doubles are responsible for placing stationary stones before each end, 30 seconds will be added to the time between ends.
- (k) If a stone is to be redelivered, the umpire decides if thinking time is applied.
- (l) If an end is to be replayed, the game clocks are reset to the time recorded at the completion of the previous end.

- (m) If an umpire determines that a team is unnecessarily delaying a game, the umpire notifies the skip of the offending team and, after that notification, if the next stone to be delivered has not reached the tee line (hog line in wheelchair curling) at the delivery end within 45 seconds, the stone is removed from play immediately.
- (n) Each team must complete its part of a game within the time given, or forfeit the game. If a stone reaches the tee line (hog line in wheelchair curling) at the delivery end before time expires, the stone is considered delivered in time.
- (o) A team whose clock has run due to a timing error (wrong clock running) will have double the agreed error time added back to its clock.
- (p) A team whose time clock did not run due to a timing error (no clock running) will not have time deducted from its time clock, but the appropriate amount of time will be added to the other team's time clock.

C7. Team Time-Outs / Technical Time-Outs

- (a) Team time-outs will be allowed where time clocks are being used but also at certain specified competitions without time clocks.
- (b) Each team may call one 60 second team time-out during each game and one 60 second team time-out in each extra end
- (c) Procedures for a team time-out are as follows:
 - (i) Only the players on the ice may call a team time-out.
 - (ii) Team time-outs may be called by any on-ice team player only when that team's game clock is running. Players signal a team time-out by using a "T" hand signal.
 - (iii) A team time-out (when the game clock is stopped) starts as soon as the time-out is called and consists of 'travel time' to get to the team plus 60 seconds. The amount of travel time will be determined at each event by the Chief Umpire and this is given to all teams, whether or not they have a coach, and whether or not a coach is coming to the Field of Play.

- (iv) Only one person, who is sitting in the designated coaching area and a translator, if required, of the team that called the team time-out is allowed to meet with the team. Where walkways are beside the sheet, that person must not stand on the playing ice surface. This person, or persons if a translator is required, must use the designated route to the team.
 - (v) The team is notified when there are 10 seconds remaining in the team time-out.
 - (vi) When the team time-out has expired, the person from the coach's bench must stop conferring with the team and leave the playing area immediately.
- (d) A technical time-out may be called by a team to request a ruling, for an injury or in other extenuating circumstances. Game clocks will be stopped during technical time-outs.

C8. Stone Assignment

- (a) The team listed first in the draw schedule for the round robin games will play the top of the scoreboard; the team listed second will play with the stones on the bottom of the scoreboard.
- (b) For round robin games, allocation of last stone will be pre-allocated where applicable.
- (c) For games requiring Last Stone Draws (LSD), at the conclusion of each team's pre-game practice, two stones will be delivered to the tee at the home end by different players, the first stone with a clockwise and the second with a counter-clockwise rotation. Sweeping is allowed (except in wheelchair curling).

In Mixed Doubles both players must be on the ice, and in all other events a minimum of three players must be on the ice. If that is not the case, the LSD stones would be recorded with the maximum distance.

A player or substitute that delivers or sweeps an LSD stone does not have to play in that game.

The distance between the stone and the tee, if it finishes in the house, will be measured in centimetres.

The first stone will be measured and removed from play before the second stone is delivered. The distances recorded for each stone will be added together to give the team its LSD total for that game. The team with the lesser LSD total will have the choice of delivering the first or second stone in the first end of that game. If the LSD totals for both teams are the same, the individual LSD stones are compared and the best-unequal LSD has the choice of delivering first or second stone in the first end. When both teams have exactly the same individual LSD stone distances, a coin toss will be used to determine that choice.

- (d) LSD Distances will be measured and recorded in the following manner:
 - (i) All single measurements will be from the tee to the nearest part of the stone, but the LSD distances will be displayed as the distance from the tee to the centre of the stone.
 - (ii) The official radius to be used in Scottish Curling championships is 14.2 cm
 - (iii) To any result measured, the radius of 14.2 cm has to be added. This means that the distance for stones not in the house is $185.4 \text{ cm} + 14.2 \text{ cm} = 199.6 \text{ cm}$
 - (iv) Stones covering the tee will be measured from two locations at the edge of the 4ft circle
 - (v) These two locations are at a 90° angle and 0.610 m (2 ft) from the centre hole.
- (e) For some competitions the two-point measuring system, which gives a recordable distance to stones that previously were recorded as 0.0 cm, will not be used. Details will be provided in the appropriate individual competition rules.
- (f) The number of considered LSD stones, and the number of clockwise and counter-clockwise deliveries for each player, will be determined at each competition depending upon the number of games in the round robin.

- (g) Each player has to fulfill the minimum number of LSD deliveries in the games that are considered in the calculation of the DSA. If there is a violation where the minimum requirements are not fulfilled, the appropriate LSD(s) will be recorded as 199.6cm. If a substitute delivers LSD stones, that player's total number of stones has to be combined with one other player at the end of the games that are considered in the calculation of the DSA so that the substitute and that player also have delivered the minimum required number of LSD stones.

Considered Round robin games	Number of considered LSD stones	Minimum for each player
4	8	2 stones, 1 clockwise + 1 counter-clockwise
5	10	2 stones, 1 clockwise + 1 counter-clockwise
6	12	2 stones, 1 clockwise + 1 counter-clockwise
7	14	3 stones, 1 clockwise + 1 counter-clockwise
8	16	3 stones, 1 clockwise + 1 counter-clockwise
9	18	4 stones, 2 clockwise + 2 counter-clockwise
10	20	4 stones, 2 clockwise + 2 counter-clockwise
11	22	4 stones, 2 clockwise + 2 counter-clockwise

- (h) For Mixed Doubles each player delivers an equal number of clockwise and counter-clockwise LSD stones. If there is an odd number of games a variation of one rotation per player has to occur.
- (i) When round robin play is used at Scottish Curling competitions, with each competing team playing all other teams, stone colour and first stone in the first end of post round robin games is determined as follows:
 - (i) The team with the better win/loss record has the choice of stone colour and playing first or second stone in the first end.
 - (ii) If the teams have the same win/loss record, the winner of their round robin game has the choice of stone colour or playing first or second stone in the first end.
 - (iii) For competitions that use the Page play-off system, the team that wins the 1 versus 2 game has the choice of stone colour or delivering the first or second stone in the first end of the gold medal game. If the team ranked 1 wins the 1 versus 2 game, and also had the choice for that game of both stone colour and delivering the first or second stone in the first end as per C8(i)(i), it will have the same choices for the gold medal game.
- (j) When single round robin play is used with each competing team not playing all other teams, last stone in the first end of post round robin games is determined as follows: Section winners shall get the choice of stone colour and playing first or second stone in the first end against the runners-up from another section in the play-off or post round robin games. Example 1: A1 v B2 then A1 would get the choice. Example 2: A1 v B1 a coin toss will be used to decide stone colour or first practice then an LSD would take place. This also applies if a DSC is required for ranking - the top ranked team would get choice. Example: Team ranked 2 v Team ranked 3 then Team ranked 2 would get the choice.

In post round robin games where the team delivering the first stone in the first end has been pre-determined, the team delivering the first stone of the first end has the choice of stone handle colour.
- (k) When a double round robin in one group is played, the stone colour and first stone in the first end of post round robin games is determined as follows:

- (i) The team with the better win/loss record has the choice of stone colour and playing first or second stone in the first end.
 - (ii) If the two teams have the same win/loss record, and one team has won both round robin games between the two teams, that team has the choice of stone colour and playing first or second stone in the first end.
 - (iii) If the two teams have the same win/loss record, but each team has won one of the round robin games between them, the team with the lesser DSA has the choice of either stone colour or playing first or second stone in the first end.
- (I) At competitions listed in Appendix 2 where LSDs are used and when teams play in two groups with 6 teams qualifying for the play-offs (3 teams from each group), for the play-off game(s) the choices for stone handle colour and playing first or second stone in the first end are determined as follows:
- (i) When a 1st ranked team from either pool plays a team ranked #2 or #3, the team ranked #1 has the choice of stone colour and playing first or second stone in the first end. If a 1st ranked team plays the other 1st ranked team, the team with the lesser DSA/DSC has the choice of first or second practice, or stone handle colour. Then regular LSD procedures (without minimum requirements), will determine which team has the choice of delivering the first or second stone in the first end.
 - (ii) If a 2nd ranked team plays a team ranked #3 in a playoff game, the team ranked #2 has the choice of stone colour and playing first or second stone in the first end. If a 2nd ranked team plays the other 2nd ranked team, the team with the lesser DSA/DSC has the choice of first or second practice, or stone handle colour. Then regular LSD procedures (without minimum requirements), will determine which team has the choice of delivering the first or second stone in the first end.
 - (iii) If a 3rd ranked team plays the other 3rd ranked team, the team with the lesser DSA/DSC has the choice of first or second practice, or stone handle colour. Then regular LSD procedures (without minimum requirements), will determine which team has the choice of delivering the first or second stone in the first end.

C9. Team Ranking Procedure & Draw Shot Average/Challenge

- (a) During the round robin portion of a competition, teams with the same win-loss record will be listed alphabetically and ranked equal. Teams which have not played yet are listed at the bottom with no rank.
- (b) The following criteria (in order) will be used to rank the teams in the competitions listed under Section C4(a) at the completion of the round robin: Teams will be ranked according to their win/loss record if two teams are tied;
 - (i) If two teams are tied, the team that won their round robin game will be ranked higher;
 - (ii) Where three or more teams are tied, the record of the games between the tied teams shall provide the ranking (should this procedure provide a ranking for some teams but not all, then the record of the games between the remaining teams that are still tied shall determine the ranking;
 - (iii) For all remaining teams whose ranking cannot be determined by (i) or (ii), ranking is determined using either the Draw Shot Average (DSA) described in (c), or the Draw Shot Challenge (DSC) described in (d).
- (c) The DSA is the average distance of all the individual considered Last Stone Draw stones, which were delivered by a team during the round robin.
 - (i) The team with the lesser DSA receives the higher ranking. If the DSAs are equal then the team with the best non-equal LSD receives the higher ranking.
 - (ii) Where a total of 11 or fewer individual stones will be considered, the single least favourable result is automatically eliminated before calculating the average distance. Where more than 11 individual stones will be considered the two least favourable results will be eliminated before calculating the average distance.

- (iii) Where there is more than one group and these groups are of differing sizes, to ensure that DSA is calculated in the same way, only the LSDs from the first 'equal number' of games will be used. Based on the Original Team Line-up form, the four players (two in Mixed Doubles) have to fulfil the minimum number of LSD stones and clockwise/counter-clockwise rotations within the first 'equal number' of games.
- (d) The Draw Shot Challenge (DSC) shall take place immediately following any team's last round robin game on the sheet the team has just played where two or more teams are tied, or potentially tied, for a qualifying position and they cannot be ranked in accordance with C9(b)(i)-(ii), and C9(c).
 - (i) For the DSC each member of the tied or potentially tied teams shall deliver a stone to the tee with normal sweeping allowed. Teams should deliver an equal number of clockwise and counter-clockwise rotation stones. All stones finishing in a scoring position shall be measured and their distance from the tee recorded. The cumulative distance for each team shall be recorded by the Chief Umpire. The team with the least distance shall be ranked highest, and so on until ranking is completed.
 - (ii) For the purpose of the DSC the four players (two for Mixed Doubles) on the ice at the conclusion of the last round robin game shall be deemed to be the team.
 - (iii) Where a team finished the last round robin game with only three players the lead at that time shall throw the first and last stones.
- (e) Teams that have qualified for the play-offs keep their ranking for play-off games as was determined after the round robin.

C10. Umpires

- (a) The umpire has the general supervision of all games to which the umpire is assigned and shall function as directed by the Chief Umpire.
- (b) The umpire determines any matter in dispute between teams, whether or not the matter is covered by the rules.

- (e) The Chief Umpire may start a game early with the agreement of both teams. The Chief Umpire may delay a game for any reason and will determine the length of the delay.
- (f) All matters pertaining to the rules are adjudicated by an umpire. In the event that there is an appeal against an umpire's decision, the decision of the Chief Umpire is final.
- (g) The Chief Umpire may eject a player, coach or team official from a game for what is considered to be unacceptable conduct or language.
 - (i) The ejected person must leave the competition area and take no further part in that game. When a player is ejected from a game, an alternate /substitute player may not be used in that game, for that player.
 - (ii) Such player or players shall not be permitted to resume play during the game then in progress or in any subsequent game until the circumstances leading to the dismissal have been considered by the Scottish Curling Disciplinary Sub-Committee, three in number, duly appointed for that competition.

APPENDIX 1

The following rules have been approved for 2020/21 by the Scottish Curling Board and Competitions Committee and will apply to competitions listed in Appendix 2:

R1. Sheet Layout

- (a) The length of the playing area is 42.07 m (138 ft), and the ice should be continued a further 1.83m (6 ft) behind each hack line. The width of the sheet from the inside edges of the side lines is a maximum of 4.75 m (15 ft 7 in). Dividing lines must be drawn from back line to back line or barriers placed between adjoining sheets. The length may be reduced to a minimum of 44.50m (146 ft) and the width to a minimum of 4.42 m (14 ft 6 in). If the local conditions of an existing facility do not permit those dimensions, then reasonable variation will be allowed. In the case of a Scottish Curling competition any variations will be subject to approval by the Chief Umpire.

R3. Teams

- (b) A team declares its delivery rotation, and the skip and vice-skip positions, prior to the start of a game and maintains that rotation and those positions throughout that game subject to (d)(ii). A team that deliberately changes its delivery rotation, or positions, during a game without permission of the Chief Umpire will forfeit the game.

R5. Delivery

- (d) A stone must be delivered using the handle of the stone, and clearly released from the hand before it reaches the hog line at the delivery end. If the player fails to do so, the stone is immediately removed from play by the delivering team.

R6. Free Guard Zone

The Free Guard Zone (FGZ) shall apply for any game, match or competition played under RCCC Rules excepting Doubles, The Grand Match and the Points Competition.

R7. Sweeping

- (e) Behind the tee line at the playing end, only one player from each team may sweep at any one time. This may be any player of the delivering team. In the non-delivering team, this may only be the skip or vice-skip, or either player in a Doubles team.

R10. Equipment

- (d) A whistle or other signalling instrument can be used in case of medical reason and after consultation and written approval from Scottish Curling.

(d)-(e) to be subsequently renumbered to (e)-(f), with changes as follows:

- (e) Unless otherwise stated in the Specific Competitions Rules or Team Meeting Document/Team Information Sheet, a player may change the type of brush or synthetic broom at any time during a game, provided there is no delay.

- (f) The use of a delivery stick shall be restricted as follows:

- (i) A delivery stick may be used in Scottish Curling competitions except for the competitions, or their qualifying events, listed in Appendix 2.

- (ii) Players choosing to deliver with a delivery stick must use a delivery stick for the delivery of all their stones during the entire game.

Deletion of current (iii)-(iv)

- (iii) *renumbered from (v)* A delivery stick shall not convey any mechanical advantage other than acting as an extension of the arm/hand.

- (iv) In wheelchair competitions all delivery sticks must conform to the WCF Wheelchair Curling Policy.

R11. Scoring

- (c) The score of an end is decided when the players in charge of the house agree upon the score. If stones that may have affected the shots scored in an end are displaced prior to that decision, the non-offending team receives the benefit that might have accrued from a measurement.

R12. Interrupted Games

If for any reason, a significant interruption of a game occurs, play recommences where play was stopped. In the case that the stones need to be removed for ice maintenance (as agreed by Chief Ice Technician and Chief Umpire), then the end is replayed.

R14. Doubles Curling

- (e) If, prior to the delivery of the fourth stone of an end, a delivered stone causes, either directly or indirectly, any previously delivered or placed stone to be moved to an out-of-play position, the delivered stone shall be removed from play and any displaced stone(s) shall be replaced by the non-offending team to their positions prior to the violation taking place.

R15*. Wheelchair Doubles Curling

- (a) All rules in R13 Wheelchair Curling and R14 Doubles Curling apply, with R13(f) taking precedence over any other rules on sweeping.
- (b) Players can choose to have their chair secured by an IPA (Ice Player Assistant), if available. If that option is chosen, there can be no complaint about how the IPA secured the chair.

*For Season 2021-22:

R15. Prohibited Substances to be renumbered to R16, and subsequent renumbering of R16-17.
