CG wasn't aware meeting on 19th July would have been AH's last committee meeting and would like to formally thank and acknowledge the contribution he has made to the committee over the years.

KaP asked around confirmation of teams changing province, KP confirmed board are happy for teams to do this at their own discretion as and when required. If a team changes province though they have to notify Scottish Curling to allow this to be reflected on membership database

JH questioned the seniors and teams not playing games, what do comps committee do. JM said CU needs to speak to both teams and decide who will concede so a win / loss record need to be played. JM to include in TIS for upcoming events and CU will mention this and the implications of not playing at team meeting.
